

HOW TO BE A RESPONSIBLE STUDENT ?

RDavila

Homeroom: Mr. Shahar

Grade: 5th

Be on Time and Prepared

- Take five to ten minutes before bed to gather all school supplies and set aside a school uniform for the next day. This will give you more time to get ready in the morning for school.
- When you get to school be sure to set up your desk with all the required materials.
 - Two pencils, textbooks, water bottle, notebook, reading book and index cards.

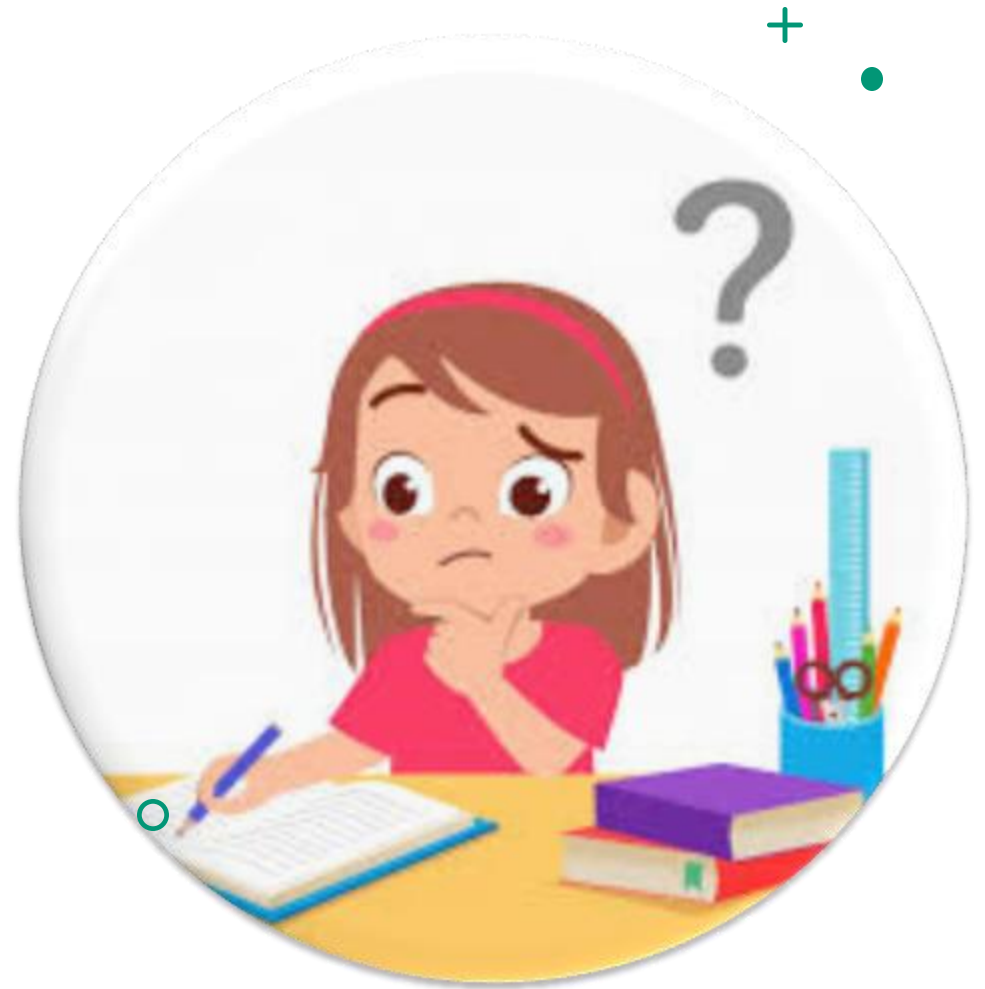

Pay Attention and Take Notes

- During class stay focused on what the teacher is teaching and take a lot of notes.
- Do not talk with your friends or be disruptive when the teacher is talking.
- Participate in class discussions and if you don't understand what is being taught, ask questions!

Do all Homework and Assignments

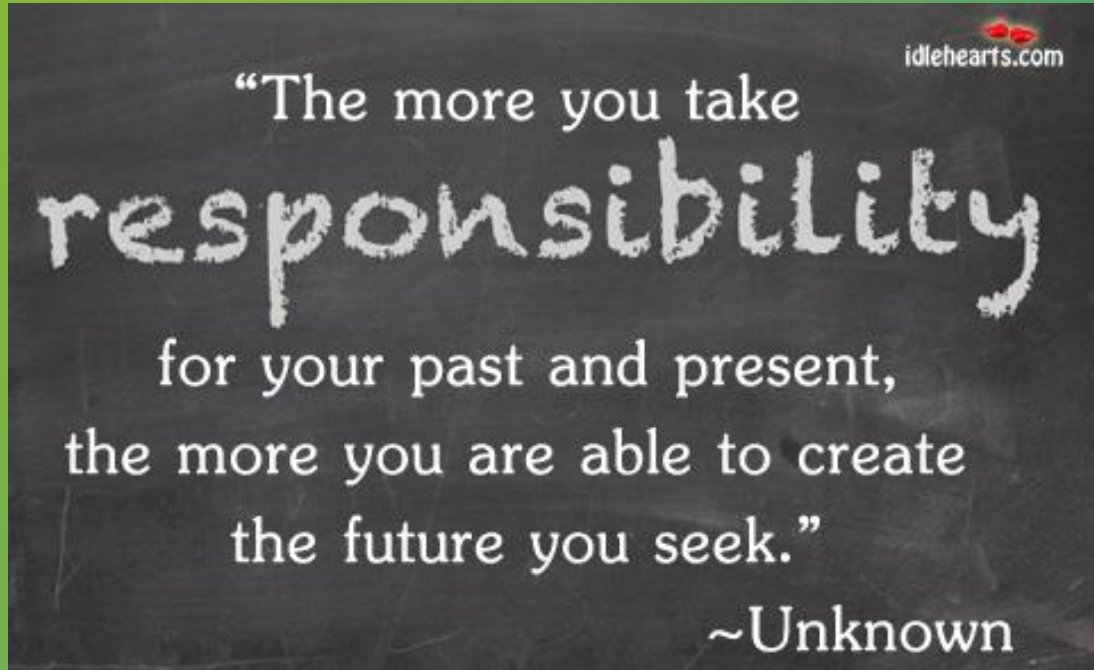

- Set time aside to work on homework and study material that you don't completely understand.
- If you still don't understand the material, ask for help or get tutoring.
- Be sure to get all your assignments and homework done on time!

Be Respectful

- Always listen to who is speaking and don't interrupt them.
- Follow all directions given by teachers and adults without complaining.
- Don't judge others or bully them because you don't agree with their opinions or ideas.

Lastly,

- Always take responsibility for your actions and don't let other people get in trouble for them.
- Always be happy and have a positive attitude.
- Don't take your feelings out on other people when you're having a bad day.
