If there is a lengthy line of cars waiting to drop off or pick up students, please be patient.

ATTENDANCE

Attendance and punctuality are mandatory. It is an educational fact that attendance and grades are connected. There are probably no factors more important to successful school progress than regular and punctual school attendance. Students who are excessively tardy or absent from the instructional program will fall behind in academic achievement. Excessive school absenteeism precedes grade failure, loss of interest, and may result in students withdrawing from school. We expect our students to demonstrate excellent attendance. Please make every effort to have your child attend school on time consistently.

School Attendance: Students are to be counted in attendance only if they are present for at least **two** hours of the day or engaged in a school-approved educational activity that constitutes a part of the instructional program for the student.

Class Attendance: Students are to be counted in attendance if they are physically present in class for at least half of the class period, have been excused by the teacher on a class-related assignment, or have been requested by a member of the school support staff for an approved school activity.

1. **Students missing five or more consecutive days of school due to illness or injury are required to submit a written statement from a health care provider.**
2. The written statement must include all the days the student has been absent.
3. If a student is continually sick and repeatedly absent from school due to a specific medical condition, he/she must be under the supervision of a health provider.

4. Failure to provide required documentation within **three** school days upon the return to school **will result in unexcused tardies or absences.**
5. Students who have habitually unexcused absences shall be considered truant. Students affected by the Compulsory School Attendance Law may be referred to Children and Family Services for truancy.
6. Any K-8th student arriving after 8:00 a.m. will be issued a late pass and marked tardy. **After ten (10) unexcused tardies, the student will be issued a referral form that will be placed in the student's permanent record.** We understand that emergencies may arise. In such cases, we will need a letter signed by a parent/guardian explaining the reason for being tardy.
7. Parents are to contact the office if their child is going to be absent. On the day he/she returns to school, parents must send a handwritten note explaining the reason for their child's absence. A maximum of 10 handwritten notes will be accepted per school year. After 10, a referral will be issued. Students may not exceed more than 10 unexcused absences per school year. For every five unexcused absences, the student will receive a referral.
8. Make-up work and homework must be completed within 24 hours (per missed day) after returning to school. All assignments must be made-up, or the student will be issued an incomplete. Incomplete assignments may affect the student's final grade. **It is the parent's responsibility to contact the teacher regarding any missed assignments.** If a student anticipates being absent for more than two consecutive days, it is the parent's responsibility to contact the school and pick-up any class work/homework from the teacher.

Tardiness

A student is considered tardy if they are not present at the moment the school bell rings for the class assigned. NOTE: If a student is not present when attendance is taken but is present later in the school day, that student must be considered in attendance, but tardy, and the absence should be changed. A student who is tardy should never remain on record as being absent.

A student who has twenty (20) or more cumulative tardies will not be allowed to participate in interscholastic competitions, events or performances for the remainder of the school year.

It is recommended that each student have a book bag to transport his/her books and materials between school and home. We encourage parent(s) to check their child's book bag often to ensure necessary school materials, assignments, and communication notes are seen and returned to school. School supplies should be replenished as needed. Clear and/or mesh bookbags are preferred for middle school.

COMMUNICATION -Grievance Process

Parents to School Communication

BridgePrep Academy of Tampa greatly values and recognizes the importance of ensuring proper communication between home and school. The lines of communication must be kept open at all times so that the school may be aware of each child's needs. The guidelines below are implemented at BridgePrep Academy of Tampa to ensure parents' concerns or grievances are addressed in a timely and appropriate manner.

Please notify us immediately if:

1. Your child has developed a communicable disease.
2. You will be out of town.
3. Your telephone number and/or email address (home and/or work) has changed.
4. You wish to change or add to the emergency contact numbers we are to use.

Parent to Teacher Communication: Conferences with individual teachers must be arranged by contacting the teacher via email or class dojo. Please make appointments for conferences before or after school hours. Parent conferences are not to be held while other families are able to hear information for other students as all student information is private, and we respect each of their individual abilities. Teachers may also be available during their breaks. However, parents must make an appointment for these times. Parent conferences are not to be held during schoolwide events. **Moreover, please do not engage in parent/teacher conferences during arrival or dismissal times as the primary goal for all school staff is to maintain the safety of all students at all times.**

Parents are encouraged to make every attempt to resolve issues/conflicts with the teacher(s) before communicating to the administration. Most issues can be resolved when you have open and honest communication with your child's teacher.

Order of contact to resolve an issue is:

Teacher → Assistant Principal/Dean of Operations → Principal

Methods to Resolve Disputes Between the Parent and the School: The principal will make every attempt to diffuse parent concerns by patiently listening to parents' concerns and arriving at solutions that is in the best interest of the child. If after providing the parent an opportunity to communicate concerns and offering the parents a solution the parent is still not

satisfied, the parent may request an appearance before the Governing Board through the principal. The Board is unlikely to overrule a decision of the principal unless that principal has acted outside of his/her authority or has breached applicable school law. If this occurs, the Board may seek appropriate legal counsel to resolve the issue. The Board expects that all school employees will treat parents, students, and other stakeholders with respect and courtesy. The Board will designate a member of its management team as a conflict resolution liaison to assist parents with any issues that may arise.

GRADES

Instructional staff uses evaluative devices and techniques as needed to report individual achievement in relation to school goals, acceptance norms, and student potential. Student grades, unsatisfactory work notices, parent reports on state assessment, and/or standardized testing, parent conferences, and adult/student conferences should serve as the primary means of communicating student progress and achievement of the standards for promotion.

A student's academic grade reflects the teacher's most objective assessment of the student's academic achievement. Students have the right to receive a conduct and an effort grade consistent with their overall behavior and effort.

Specific guidelines for grading student performance and for reporting student progress are provided below and detailed in the *Student Progression Plan*. To view the plan, go to [Progression Plan.pdf \(hillsboroughschools.org\)](https://hillsboroughschools.org/ProgressionPlan.pdf)

Academic Grades

Academic grades are to reflect the student's academic progress. The grade must provide for both students and parents a clear indication of each student's academic performance as compared with norms that would be appropriate for the grade or subject. Grades will consist of schoolwork, quizzes, tests, all assignments, projects, technology programs and presentations.

Plagiarism

Examples of plagiarism and academic dishonesty include but are not limited to the willful giving or receiving of an unauthorized, unfair, dishonest, or unscrupulous advantage in academic work over other students. Consequences for any plagiarism will be applied as required in the HCPS Student Code of Conduct.

The academic grades of "A," "B," "C," "D," or "F," are not related to the student's effort and conduct grades. Grades in all subjects are to be based on the student's degree of mastery of the instructional objectives and competencies for the subject. The determination of the specific grade a student receives must be based on a teacher's careful consideration of all aspects of each student's performance during a grading period.

CODE OF EXCELLENCE

We believe that a safe and orderly school is of primary importance. The BridgePrep Academy Code of Excellence is a school wide plan, which clearly outlines student expectations.

Proper behavior is recognized, and consequences are given for breaking our code. Each parent must take an active role in supporting this plan. We want our children to learn and to be responsible citizens. It is in the children’s best interest that parents and staff work together to ensure a happy, safe, and productive learning experience. The school’s Positive Behavioral Interventions and Supports (PBIS) program we implement allows for students who have earned Bark Bucks to receive a reward for displaying positive behaviors during school days.

SAFETY & SECURITY

Our school operates on a security minded approach. Also, please do not leave your purse, wallet or other valuables in your car when you come to pick up or drop off your child. The school cannot be responsible for lost, stolen or damaged items.**

Student and employee safety is a primary concern of BridgePrep Academy Schools. Access to our campuses will be limited, monitored and secured at all times that students are present in the building. A school safety plan was created to provide school personnel with the necessary leadership skills and knowledge needed to respond to critical incidents or other related emergencies that may occur in our school communities. All schools have a site-specific plan to address all types of critical incidents. These plans address the individual needs of the school and provide guidelines for devising methods for communicating with the staff, students, parents/guardians, and the media during a critical incident or an emergency. We ask your cooperation in working with school administration teams to adhere arrival/dismissal procedures as well as visitor check-in to ensure student safety.

During emergencies, some protective measures may include the evacuation of students/staff from the building(s), and if necessary, the relocation of students/staff from the school campus, lockdown procedures, and holding/dismissing students during school and community emergencies. School administration will communicate with parents as needed, always prioritizing student safety first.

Lockdown and Partial Lockdown Events- In the event of an emergency, the primary responsibility of all school personnel is to ensure the safety of all students. In the event a school administrator announces a possible threat to students and staff safety exists within the community (partial lockdown), or an imminent threat to students and staff safety exists within the school (full lockdown) students, faculty, and staff will comply with all the procedures outlined in the School Safety Plan and remain on lockdown until a school administrator makes an "All Clear" announcement.
